Our school is part of our environment. It is supposed to be all clean and green. Yet, some pupils do some irresponsible and uncivil behaviors. That's why our English teacher asked us to organize a cleaning campaign to our school on Earth Day.

However, some schoolmates didn't want to join in. Therefore, I advise them to cooperate with us and take part in cleaning the classrooms, painting the walls, planting some trees and flowers in the school garden, collecting the rubbish and putting it in garbage cans.

They should know that they will have a lot of fun and develop their social skills with all the schoolmates. They'll make a difference and feel self-satisfied.

Dear friends, let's collaborate and keep our school clean and green.
